Summary

My name is [Muntasirul Islam](#) & I am a highly motivated **web developer with 3+ months of experience** in creating and maintaining websites and web applications. I am always eager to learn new things. I am also a team player and am always willing to go the extra mile to help my team succeed.

I work well in a team setting because **I am naturally collaborative**. I am an active member of my academic community and bring a spirit of cooperation to every effort.

I'm continuing to investigate the virtually endless possibilities of web development as I work towards my B.Tech degree. I am a significant addition to any team or project because of my unwavering dedication to quality and collaborative approach.

Experience

Built-in Tech. | Hyderabad, Telangana

Web Developer Intern | 01/2023 - 03/2023

- creating and maintaining websites and web applications.
- Front-End Development
- Data Scrapping
- Maintain Backend Server

Skills

HTML5, CSS3, JavaScript, Node.js, Express.js, Python, Python Flask, MongoDB, Bootstrap, TailwindCSS, React.js, WordPress, FastApi, Git, GitHub, Xampp

SoftSkills

- **Communication:**

I had communication skills with PowerPoint presentations. Effective communication is often a vital soft skill, especially in a collaborative environment. Being able to convey my ideas, ask questions, and share information clearly is essential.

- **Team player:**

I believe I possess strong cooperation and collaboration abilities since I'm willing to go above and beyond to support my team in its endeavours. In many situations, the ability to collaborate well with others is a critical soft talent.

- **Time Management:**

Managing my academic pursuits, web development projects, and possibly other responsibilities as well requires good time management skills. Being able to prioritise tasks and meet deadlines is valuable.

- **Attention to Detail:**

My commitment to ensuring that every line of code is crafted with care showcases my attention to detail. This skill is vital for producing high-quality work and minimising errors.
